

Dear Students, Parents and Schools

Classes at school have finished and the school summer holidays have begun.

I hope you have a really good time. If you have finished your American High School subjects, congratulations and if you have not finished yet, organise your activity blocks well and take advantage of your time so as to be able to finish as soon as possible.

If you need any help organising your time into productive activity blocks please contact Aitor or myself and we will be happy to help you.

We had one winner in the May incentive which was to obtain 18 "A-, A or A+" in your first submission of any assessment. This includes Practices, Applies and Projects between 1st and 31st May.

The winner was

IGNACIO ARAGÓN GARCÍA from Colegio Los Olivos Malaga. Congratulations Ignacio, that was excellent! This is the 3rd incentive that Ignacio has achieved this year. WOW.

On the 8th June Colegio Inmaculada Concepción de Madrid organised a really interesting event.

They organised a "theme lunch" which was a tribute to their students who are doing the Bachillerato Dual Americano programme.

As you can see in the photos, the decoration of the dining room and the food were all American and a good time was had by all. Unfortunately I could not attend this year as I was in another part of Spain but my colleague Carolina, who some of you will know from your initial training session, went in my representation.

I would like to say a big thank you to Joanne Wilkinson, the tutor responsible for the programme at the school and of course to Ana María González Esteban, the Principal of Colegio Inmaculada Concepción for their initiative and hospitality. I hope I can go next year if they repeat the experience.

This month's contribution from American High School is from Krystal Taylor, Social Studies teacher.

I hope you have enjoyed reading and looking at the photos this year in LKAHS NEWS which is also going to have a holiday during the summer months and will return in October 2018.

I wish you all, students, parents, tutors and everyone else who reads LKAHS NEWS a very happy and enjoyable summer.

Until October.

Best wishes

Andrew

Andrew Trevor Plumb
Director del programa

Hi, my name is Krystal Taylor and I teach high school social studies courses and some electives at American High School. I have taught at American High School for about 6 years. I graduated from Florida International University, in Miami, Florida; with a bachelor's degree in International Relations and Politics. Since I enjoy teaching and sharing knowledge with others, teaching has always been an aspiration for me. To me, the best part about teaching is when I make a connection with the students about how history or the social sciences relate to their current surroundings or their future. I love the beach, I am an avid runner and I like to work out. I enjoy learning about and interacting with people from various cultural backgrounds. In the future, I will visit more countries around the world. Some interesting facts about me is that I enjoy cooking and I have a twin sister who is the mother of a twin boy and girl, who were born in the same month as us, two days before our birthday.
