

## HEY THERE EVERYBODY, AND WELCOME TO THE MARCH EDITION OF LK AHS NEWS.

From Language Kingdom BDA Department, we hope you are all progressing well.

This month we are featuring a contribution directly from American High School as well as from Fernando Macías, one of our AHS students!

We have also included some instructions regarding Covid-19.

### Important info: COVID-19!

We all are living a never-before seen, new situation!

As you all know, we have been asked to stay at home.

Schools in Spain are now all closed, and both Language Kingdom BDA department and American High School continue to operate as normal. The only difference being that staff are working from home rather than from their offices during the movement restrictions imposed both in Spain and the USA.

But keep this in mind! Discussion Based Assessments are still bookable in the normal way.

Also, remember that if you need to contact any of us you can always use Teams!

Looking on the bright side, you can now work hard on your American High School program and if you finish your subjects before, you can be happily free in the summer! Keep working even more!

### Hello from A.H.S. teacher, Chris Robison!

I would like to introduce myself to those who may not know me. I am primarily responsible for the history, social studies, and economics courses offered by American High School, which I really enjoy! I have been a teacher in both traditional and online schools for 20 years and I find it very rewarding. I am based in California and have a wife and two young daughters, ages 3 and 5, so I have a fun and full life! :)

I would really like to say how impressed I am by the Language Kingdom students that I have had the pleasure of working with in the past few months. I have observed high-quality work, good organizational skills, and very genuine graciousness, among other qualities. This is so nice to see in young adults in any situation, let alone those who are working in a foreign language!

### Some tips I might offer would be:

1. Take some time before assessments to review all of the material in the lessons, as that will generally be the very best way to prepare.
2. To prepare for the Discussion-Based Assessments (DBA), I would recommend keeping a journal or other form of notes to record what you feel are the most important and interesting topics that you are covering in each unit. That will help to guide our discussion during the DBA.
3. Don't forget to reach out to your LK proctor or AHS teacher if you have questions, we truly do want to help!

That's all for now, and I look forward to many more interesting discussions over the next few months!

Sincerely, Chris Robison - AHS Teacher

Hi!

I'm Fernando Macías and I'm from Santander, Spain, I'm studying the Dual Diploma program because I want to study in the USA, there are a lot of advantages: you can learn to manage your time, because it can be a bit difficult at first to organize your time for studies at school and in the Dual Diploma program. You can learn English, but you also learn a lot about the American culture.

The Dual Diploma program is completely worthwhile, you have to sacrifice a bit of your free time but I would recommend everyone who is thinking of doing this program, to do it because by spending some of you free time you learn a lot and enjoy doing the assessments.

Fernando Macías Saez-Díez
